15 May 2011 (Doha, QATAR): QATARI DIAR Real Estate Investment Company, an international leader in sustainable development, participated in the annual “Civil Engineering Open Day” organized today by the Department of Civil and Architectural Engineering at Qatar University. The Open Day event was held on Sunday, the 15th of May from 9:00am to 2:00pm in the university’s College of Engineering building.

Commenting on the company’s participation in the event, Abdullatif Mohamed Al Noaimi, Chief Administration Officer at QATARI DIAR, said: “Our participation in this event reflects our ongoing support for Qatar’s national universities, and underlines our confidence in the quality and capability of Qatar University’s graduates. We are eager to attract graduates, particularly those in the civil engineering field, to join us at QATARI DIAR.”

“We expect these Qatari graduates to play a prominent role in shaping the country’s youth awakening, under the leadership of His Highness the Emir Sheikh Hamad bin Khalifa Al Thani and His Highness the Heir Apparent, Sheikh Tamim bin Hamad Al Thani, may God protect them,” Al Noaimi added.

The Qatar University Open Day activities featured student projects from the College of Engineering, allowing the department’s students to display their models and present project work to the university’s other departments. Representatives and staff from QATARI DIAR and Lusail Real Estate Development Company attended the event alongside leading figures from other national and international engineering and construction companies operating in Qatar, including Qatar Building Company and Parsons.

The event was designed to familiarize students with the civil engineering field and its role in society building, as well as showcase the knowledge and capabilities of the university’s civil engineering students to participating companies, which covered a range of opportunities for future employment in civil engineering.

QATARI DIAR was among the event’s distinguished corporate participants, bringing civil engineering equipment and tools to provide students with a glimpse of the current job market and potential future careers in the field. The company also fielded requests from faculty and students about employment, training and scholarships, in addition to evaluating student projects presented during the Open Day.

Wholly owned by the Qatar Investment Authority, QATARI DIAR Real Estate Investment Company was established in December 2005 to support Qatar’s growing economy and to co-ordinate the country’s real estate development priorities. QATARI DIAR is currently involved in more than 35 projects in more than 20 countries around the world
